(www.southcoastwoodturners.com)

April 9, 2016

Meeting Notice:

Our next meeting will be held on: April 9th, 2016 at 9:00am

We meet the second Saturday of each month in the woodshop of the Harding School in Coos Bay. The Harding Building is located below Marshfield High School on 7th Street. Parking is behind the building near the football/track field. Enter the workshop through the door on at the NW corner of the building. Look for our sign on 7th street and near the door to the classroom.

Members, Guests and Prospective members are welcome and encouraged to attend. Meetings begin at 9am and include a club raffle, show and tell, woodturning demo and regular club business. Coffee is also provided.

Jim's Corner:

I'm looking forward to our next meeting and demo. The Rose Engine demo should bring something new to most of us. I have not heard from any of you about suggestions of what you would like to have as future demonstrations. Please contact Ike or myself with anything you would like to see.

Had a very interesting visit with one of our members. We are hoping he will make it to our next meeting and bring his latest creations to show and tell. We have some awesome artists in our group. I encourage you to visit and learn from our mentors some of the new things in wood turning. Think outside the box.

Jim Toftner

Ike's Program Notes:

Rose Engine Demonstration – The April club meeting will feature Jon Magill an international presenter and author of numerous AAW magazine articles. Jon will present a program on Rose Engine turning. I am confident it will be fascinating. The club has invited members from the Newport, Eugene, and Roseburg turning clubs to share in the program. Be sure to come early for a good seat.

The club lathes will be available in the afternoon for members to turn a project. Wood will be available for turning your project. Be sure to make use of the club resources.

May Program – We have a change in the plans for the May club program. Ron Newlander was to have been our presenter on turning a pen, but due to a recent family commitment it will be later in the year.

The May program will be a club discussion of finishing turned projects. We will discuss sanding, what product people use, and where they buy it. This will be a time to learn what other turners use for finishes and why. Learn the details about the shellac or other products some use and the details of where they get their finishes. There is a lot to share and learn from each other.

Ike

Secretary Report:

Ann

Treasurer's Report:

Approx. \$1,723

Membership:

Just a reminder that you & your Membership Dues are always welcome. \$20 Single, \$25 Family. There are fun things to learn at meetings each month.
