News of the South Coast Woodturner's Club
A Chapter of the American Association of Woodturner's

SouthCoastWoodturners

(www.southcoastwoodturners.com)

November 12, 2016

Meeting Notice:

Our next meeting will be held on: November 12th, 2016 at 9:00am

We meet the second Saturday of each month in the woodshop of the Harding School in Coos Bay. The Harding Building is located below Marshfield High School on 7th Street. Parking is behind the building near the football/track field. Enter the workshop through the door on at the NW corner of the building. Look for our sign on 7th street and near the door to the classroom.

Members, Guests and Prospective members are welcome and encouraged to attend. Meetings begin at 9am and include a club raffle, show and tell, woodturning demo and regular club business. Coffee is also provided.

Jim's Corner:

The next meeting will be a very important meeting for our club. At the meeting we will be voting on our next year's officers. Please come prepared to vote for the presented officer nominees or for someone you wish added to the list.

We will also be collecting for the Holiday Party and counting up the numbers of those planning to attend it. The date of the Holiday party is Sunday December 11, 2016. Please be prepared to pay your advanced dinner charge of \$20.00 per paid member and \$30.00 for non-members.

I want to also thank the officers, committee chairs and members for their support during the past year. Some of these members have done more than could be expected of them and always put the club first when asked to help out on club activities. I ask all of you to continue to support our in-coming officers as you have supported us during the past year.

Finally, I ask you to support the AAW by paying for a membership in this organization. I think you will find a very positive payback for the dues you pay. The AAW supports our club through free gift certificates, donations to our club for equipment, club group insurance and a challenging articles in the magazine they put out. Please don't forget SCWT's - our very inexpensive club dues as well. Again thanks for a great year.

Jim Toftner

Ike's Program Notes:

The morning's program will introduce many of you to a new and valuable skill – the use of the skew. This program is based on a suggestion made during a recent meeting. We will have instruction from professional turner/instructor, Alan Lacer, through one of our

library DVDs. I have selected important highlights from the DVD to show and then co-instructor, Ron Drath, will demonstrate the skill. We are planning to setup a few of the club's lathes to provide you with an opportunity to try this skill. After working on putting the lesson together, I am convinced this is a skill that is important to learn and use. This is a tool that will significantly increase the quality of your between center turnings.

The afternoon program is an open shop time. We will have wood for turning bowls, seam rippers, or almost anything you can dream up. This will also be a time when you can bring in a project you are needing some assistance with. I hope you will make use of this opportunity.

Ike

Proposed Next Year's Officers

| | |
|----------------|-----------------|
| Past President | Jim Toftner |
| President | Tristan Holland |
| Vice President | Steve Adams |
| Secretary | Ann Goulter |
| Treasurer | Open |

Family- \$65.

And come to meetings to see all the things turning in our local organization !!!

Come and join in the sawdust

Bev

Guests to SC Woodturners

Library:

We encourage all members to make use of our club library. For all new turners there is a wealth of "how to" books and DVD's.

And for the more experienced turners the new and fresh ideas will expand your craft. The library operates on a honor system, so each member is responsible for checked out item. Use and enjoy but please limit to 3 items at a time.

With the club's new web master, the on line library inventory will soon be current. Check it out.
